# maia *the complete solution*

Introduce **maia's** innovative surfaces to your bathroom. Our high quality solid surfaces are already a firm favourite for kitchens - now, you can create a unique bathroom top which is stunning, durable and long-lasting.

**maia** surfaces are an affordable way to make a statement - with a range of beautiful colours designed to suit your taste, they come in various sizes and are 28mm thick with a 3mm acrylic surface.

Bring a touch of opulence to your bathroom when you choose **maia** solid surfaces.

A. Water resistant worksurface in Maia Cappuccino  
B. Maia Lava worksurface

# maia colour palette

**Cappuccino** is a stylish choice to complement woods and plain décors. Add dark doors, cream and brown for a relaxed feel, or vibrant zebrano doors to really make an impact.

**Cristallo** is a crisp, solid white with contrasting granules. At home with almost any colour but with a subtle effect to enhance the surface interest.

**Galaxy's** subtle fleck brings a hint of sparkle to your surface. The metallic particles catch the light and complement the deep black background.

**Iceberg's** beauty lies in its purity. This white décor can be teamed with matching doors or with splashes of colour or wood effects to make a statement.

**Lava's** grey tones are accentuated with a hint of brown to create a natural stone effect.

**Latte** is another 'natural neutral' recently introduced into the **maia** range. Lighter than Mocha but with deeper tones than **maia's** original coffee décor, Latte has quickly become a popular choice.

**Mocha** brings a deep brown to the **maia** range. As neutral door colours such as latte and cream grow in popularity, so Mocha really comes into its own.

**Vanilla** is an elegant colour which complements many bathroom designs. Its coloured flecks make it the perfect match for a range of door colours. Contrast with black for added drama.

**Vulcano** is the most popular colour in the **maia** range. Its sophisticated black background is interspersed with contrasting white flecks and subtle hints of yellow.

A. Bathroom worksurface in Maia Mocha  
B. Maia smooth hygienic worksurface

# maia *designed for living, designed for life*

Fitting maia bathroom tops is straightforward: cutting, edging and jointing can be achieved with conventional woodworking tools and a selection of accessories are available to help achieve the perfect seamless finish to your installation.

maia solid surfaces come with a ten-year guarantee\*, and are supported by the FIRA Gold Award for product excellence – this is testimony to the fact we only use the most superior materials, and our products are constantly tested to ensure they are manufactured to the highest possible standards.

\*Guarantee covers manufacturing, not installation.

## Staining

maia, unlike marble and granite, will resist most household chemicals including alcohol and cosmetics. However, some chemicals and strong dyes can cause damage and discolouration. If spillage occurs wipe off immediately and rinse area thoroughly.

## Our commitment to customer service

When you choose maia you can be safe in the knowledge that you are getting a proven, reliable product; a product that is truly at the forefront of worksurface technology.

Our customer care department is on hand to offer you help, support and advice all year round. Call 01773 521 300.

## Quality assured

✓ Barcol Hardness - EN 59 ✓ Light Fastness - ISO 4892 ✓ Fungal Resistance - EN ISO 846 ✓ Bacterial Resistance - EN ISO 846 ✓ Exposure to 180° Dry Heat - EN 438-2.8
